

Ultra-Compact Coaxial Two-Way All-weather Horn Speaker RC-150 RC-150T

Descriptions:

The compact models give systems designers increased flexibility by offering vastly improved music playback, additional coverage patterns and higher output in attractive paintable enclosures. Both models include front-loaded LF drivers in highly reinforced enclosures for natural, nonresonant low frequency reproduction, while identical voicing ensures a uniform listening experience.

Features:

- ▶ Ultra-compact size, high output
- ▶ Premium music applications
- ▶ Full frequency horn, professional, all weather
- ▶ With switch selection 70V, 100V, and 8 ohms
- ▶ IP 55 for outdoor application
